

Icons Chart

* All of these specifications apply to our PrepStation sinks. Look for the appropriate minimum sink base on each of the sinks shown in this trifold.

We use ultra dense 16 gauge stainless steel for durability, sound and strength.

We use 304 Stainless Steel and nothing less for strength, durability and performance.

LUX accessory package includes appropriate grid(s) and drain(s).

Requires undermount installation.

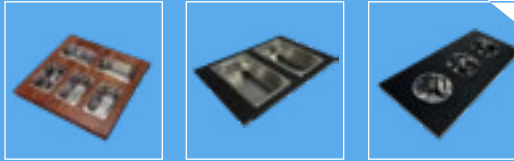

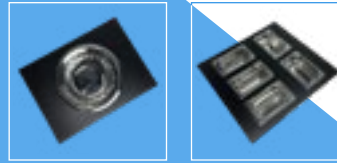

We use a special mineral oil based undercoating to control condensation during changes of temperatures.

Verify that you have the minimum sink base recommended for installation which range from 18" to 64".

Please feel free to reach out to us to discuss our product line.

PrepStation Accessories
